PROGRAM NOTES

Hummingbirds are truly incredible creatures. With hearts that race up to 21 beats per second, they can also fly up to 30 miles per hour. Among their many fascinating traits, they are also one of the most communicative species with a variety of methods for conversing efficiently, yet with great intention and care. In writing a piece that depicted the magical whimsy of these fascinating creatures, it is my hope that a celebration of "communication" is the central takeaway for listeners and performers.

The work begins with a simple flute solo representing the first hummingbird emerging to start a new day. As the melody repeats, more voices interject as the other birds emerge from their nests and take flight. After a brief fanfare, all of the themes begin to weave themselves together as each hummingbird shares its unique message and personality, while also in harmony with everyone around them. Through several twists and turns, the music arrives at a climax that brings all the themes together in a musical celebration of color and joy. The piece ends with the hummingbirds retreating to their nests in a quiet, yet fulfilling, end to their day.

Wings of Wonder was commissioned by the Gautier Middle School Bands (MS) under the direction of Louise Smith. Louise would like to personally dedicate this work to her fellow members of the CCSSO 2024 State Teachers of the Year.

A NOTE FROM LOUISE SMITH

The CCSSO 2024 State Teachers of the Year are a special group of people. These quotes are a sample of the keynote presentation titles given this past year to educational groups, civic organizations, and government entities. So much of what we wish to see in the world, the good in humanity, rests in the words delivered this past year by the State Teachers of the Year. I'm privileged to be a part of this prestigious organization. However, there are millions of teachers around the world who wish the same things for students and schools. While I want to recognize my cohort of State Teachers of the Year, this piece is also dedicated to all band directors and teachers who inspire students to wonder every day. Thank you for all you do to elevate students in discovering their dreams.

Legal Use Requires Purchase

Yes, you can photocopy parts!

With the legal purchase of any piece published by Tyler S. Grant Music Works, LLC, you are granted a limited license to photocopy parts for your students.

Some restrictions apply.

May I photocopy instrumental parts for my ensemble's unique instrumentation?

Yes! I completely understand that each ensemble will vary in their needs for instrumental parts. Parts occasionally go missing, as well. As long as the photocopies stay within your school/organization, you may photocopy as reasonably needed!

I am performing your work at an adjudicated performance and will need extra conductor scores!

May I copy those for the adjudicators to use?

No. While instrumental parts may be photocopied for ensemble use as described above, conductor's scores may not be photocopied. Additional scores can be purchased from my website or through an authorized retailer.

May I upload PDFs of the instrumental parts to a secured online platform for our musicians to access?

Yes! However, the online platform you use must be password protected and inaccessible to anyone outside of your school/organization. My team frequently conducts checks online and will demand any uploaded images or files that do not follow this guideline be removed immediately.

May I duplicate the sheet music and give it to another individual, school, or organization?

Absolutely not. Duplicating and distributing music (including unlicensed photocopying and digital duplication) without permission is a blatant disregard and violation of U.S. Copyright Law. Such instances will be investigated and prosecuted to the full extent of United States & International Copyright Law.

May I create not-for-profit audio/video recordings of your pieces and share them on social media and other websites?

Certainly! As a matter of fact, I love searching for performances of my music online and greatly appreciate you sharing it with others! If you need licensing and permissions for a for-profit recording, please contact me through my website. www.tylersgrant.com

I have more questions! What should I do?

Contact me through my website. I am always happy to answer your questions!

Thank you for following these guidelines! Copyright is not meant to be scary or intimidating; it's the only way composers and arrangers protect their intellectual property. Your purchase helps support my entire team. Many publishers have a different set of guidelines for photocopying and duplicating their music. These guidelines are only for Tyler's music published through Tyler S. Grant Music Works, LLC.
